GM Reminder: Free agents are not available after week 17.

Pinch Hitters I've made an extension to the positions you can put for pinch hitters (and only pinch hitters, these are not playing positions you can set via NEWPOS). The three positions are Middle Infielder (MIF - plays either 2B or SS), Corner Infielder (CIF - plays 1B or 3B) and Corner Outfielder (COF - plays RF or LF). Basically it gives you a bit more flexibility over bringing in a pinch hitter, without having to go all the way and use OF and IF (these still remain as options) - for example you may want to bring in a reserve first baseman, but may not be so happy if he has to play shortstop. The change is in place immediately, but it might take a few days before softsim.co.uk will accept the new pinch hitting codes.

Raceplan Version 2.3/F1 2005 Raceplan has now updated to 2005 rules - one engine for two races, no tyre stops, one lap qualifying (following last week's changes to their rules) etc. I've not followed real life in allowing you to build illegal bits of car and get banned for a couple of races, nor decided to randomly program in that you don't get the last page of the race report if it's particularly exciting! Ask for more information, or £5.00 will get you rules, setup and first two turns.

HowBaseballWorks.com You should find a new website at www.howbaseballworks.com - it's intended to provide a guide to MLB, both for the inexperienced viewer, but also for the more experienced people (like you lot). It isn't just there to be interesting and informative, as sadly they don't pay the bills, so the hope is that traffic through it will produce Gameplan Baseball players!

If you're on a chat forum (not one full of people already converted) then please give it a plug - remember that we offer a couple of free credits for anyone new you introduce to our games (which is for genuinely new punters, not people switching leagues) and it's in your interests to get new players (ie new competition as well). So if you know some baseball fans, give it a plug.

Websites The website for submitting orders is at www.softsim.co.uk. www.pbmsports.com is our main "static" information website, as well as news of what's going on here. For news of what is happening with Pete in Yeovil see www.sidetracks.co.uk. For information on baseball and how it works, see www.howbaseballworks.com - a site also designed for recruiting new punters!

Internet Orders Should be submitted online by 9am. The confirmation that they've been received by us is the page that comes up in response to you pushing the button. When you see that page, your orders are in. The version that's emailed to you is just for information - we email it to save you having to copy and paste or save it as a screenshot. If the email copy of your orders doesn't appear don't worry - emails get delayed or go missing quite often (far more than some people think). The more people who submit orders via the internet the better - if you want more information, just ask. You can also pay for credits online.

Email Results Emailed results are normally sent out between 3pm and 6pm. If there's a delay in processing, it'll say so on www.pbmsports.com - please check there first. If you haven't received emailed results 24 hours after they're due, then email me and ask for them to be resent. Don't ask me before the 24 hours are due, but don't wait much longer either.
