Gameplan Baseball Online For those unaware, there's an online Yahoo forum for Gameplan Baseball (not monitored by me, so reader beware!) at:- <http://www.uk.groups.yahoo.com/group/gameplanbaseball/messages>

Alternative Address My advice about addresses remains the same. Until further notice, I'd recommend that rather than addressing orders to my PO Box, you use my "direct address" for orders, which is as follows:-

Danny McConnell, 49 Westpoint, Shortlands Grove, Bromley, Kent, BR2 0ND

If you use the PO Box address, don't worry. That'll still get delivered as I'm not going to cancel it any time soon (one of the reasons to use a PO Box is that if I move, I can leave the address for you guys unchanged).

Late Email Results If you think results are late, please make sure you wait until the following morning before chasing up results. First step is to check out the Latest News at www.pbmsports.com - if I am running late I'll post a notice there. Please don't chase me up because you know your mate got his half an hour ago, because whilst most emails are "instant", often they do get delayed for a few hours and it does take a while to send them all out (I spread them out to avoid triggering firewalls).

Equally however, if it's the next morning and you've not had results, and there's nothing on www.pbmsports.com saying I've had a problem, then please chase me up. If it hasn't shown 12 hours later, odds are it won't, and probably some firewall or spam filter somewhere has gobbled it (and they do appear to do so without pattern). I'd rather you ended up with two copies than none.

PDF Reports Emailed game reports are available for all games here. The standard format is a PDF file - Adobe Reader is free to download (see www.pbmsports.com for a link) and you can open your reports with one click of the mouse and you can either view them on screen, or print them as you wish. You don't need to worry about formatting or printer drivers. The text format for reports is available but I only expect people will want to do so if they use the text file for other purposes (such as exporting the listings into software produced yourself). If you've not tried email reports before, try them out - it really is very easy.
