**Softsim Orders** There's a few people who are regularly getting wrong the week number (or league/team!) when inputting orders. If you do so, one of two things happen - either I notice it and have to fix it manually (which slows me down a lot) or I don't (so your orders don't get input). Almost always it's the first, but either way it's a bad thing, so when inputting orders, please make sure you get the week number correct (which is always on the top of your printed turnsheet). Thanks.

**Deadlines** Please keep a note of deadlines over the next few months. I've started doing some work (got to pay the bills) for the Football Association (explaining to grassroots leagues how bits of admin software work) and it'll mean I'm out of the office quite regularly, especially late afternoon/evenings (one of the reasons I need to crack on with running games in the morning).

At present we'll stick with games running on Wednesday and Thursday (but keep an eye on www.pbmsports.com for news about late running) but I might decide that moving you to Fridays might offer the most reliable service, not least because that evening I'm rarely out at a football function, so there's scope for catching up then if required (which isn't the end of the world for the majority playing by email). I'll see how things go, but I want to try and keep running games as promptly as possible.

**Processing - 9am** See above, from now onwards I'm going to be strict about running games from 9am onwards, as I need to crack on with running games. So for those who do still rely on the Royal Snail, please make sure you post orders in time.

**Gameplan Baseball** The newsletter with a host of discussion points and possible developments for Gameplan Baseball is still available, and I'm keen for comments. Those of you playing by post should have had a copy, those by email can download it from www.pbmsports.com via the Rules and Newsletters link. Comments are more than welcome. There's a whole host of possibilities, and I'm not suggesting all of them will come in now, or indeed at all, but feedback on any or all is welcome.

**Late Email Results** If you think results are late, please make sure you wait until the following morning before chasing up results. First step is to check out the Latest News at www.pbmsports.com - if I am running late I'll post a notice there. Please don't chase me up because you know your mate got his half an hour ago, because whilst most emails are "instant", often they do get delayed for a few hours and it does take a while to send them all out (I spread them out to avoid triggering firewalls).

Equally however, if it's the next morning and you've not had results, and there's nothing on www.pbmsports.com saying I've had a problem, then please chase me up. If it hasn't shown 12 hours later, odds are it won't, and probably some firewall or spam filter somewhere has gobbled it (and they do appear to do so without pattern). I'd rather you ended up with two copies than none.

**PDF Reports** Emailed game reports are available for all games here. The standard format is a PDF file - Adobe Reader is free to download (see www.pbmsports.com for a link) and you can open your reports with one click of the mouse and you can either view them on screen, or print them as you wish. You don't need to worry about formatting or printer drivers. The text format for reports is available but I only expect people will want to do so if they use the text file for other purposes (such as exporting the listings into software produced yourself). If you've not tried email reports before, try them out - it really is very easy.
