GM Reminder: Next turn is the only turn you may rename players. Cost is 1 credit for renaming full roster.

Gridiron Stats Has just restarted for the new season, with a couple of pre-season turns to roster shuffle prior to the start of the new season. Ask if you want details, or see www.pbmsports.com or send a fiver for a startup and first three turns.

PDF Reports Emailed game reports in Gameplan Baseball and Gridstats are now available as PDF files. All other games will follow as soon as I'm able to get the software programmed (so please be patient - it'll take me a few weeks to program every game.

I won't change your game reports from "Text" to "PDF" until you ask me to, and if you want a trial of a PDF report let me know. You should find PDF reports rather easier to cope with - Adobe Reader is free to download (see www.pbmsports.com for a link) and you can open your reports with one click of the mouse (indeed, you don't need a printer, though most will then print from it) and you don't need to worry about dodgy email clients messing up the formatting, or printer drivers. If you want to stay with the text format that's fine but I only expect people will want to do so if you can't make Adobe Reader work (which is pretty unlikely) or if you use the text file for other purposes (such as exporting the stats into some software you've produced yourself).

If you've not tried email reports before, or you've had problems, try out the PDF. It really is very straightforward.

Hotmail Users A side effect of the above change (and the new bit of kit we use that sends out reports as Text or PDF) apparently means that game reports sent to Hotmail no longer arrive as attachments (not that they were ever meant to, the whole reason all of this stuff can be so tricky is email clients basically doing their own thing, and reformatting them for you according to "what they think you want" - hence the change to PDF files). AOL is often worse for doing this than Hotmail!

Anyway, the answer for Hotmail users is that instead of saving the attachment (as you used to) you need to File and Save the message as a text file (which is what most other systems already do) and then you should be able to print from that.

And meanwhile, hopefully it won't be too long before the PDF option is available in all games here (Gameplan Baseball and Gridiron Stats only at the moment) and all of this hassle and nonsense will be something of the past.

Credit Card Payments If you want to pay by credit card over the Internet you now have the option of paying in Sterling, US Dollars or Aussie Dollars, whichever you prefer. Cheques are still fine as well, and actually mean slightly lower charges for us!

Websites The website for submitting orders is at www.softsim.co.uk. www.pbmsports.com is our main "static" information website, as well as news of what's going on here. For news of what is happening with Pete in Yeovil see www.sidetracks.co.uk. For information on baseball and how it works, see www.howbaseballworks.com - a site also designed for recruiting new punters!

Internet Orders Should be submitted online by 9am. The confirmation that they've been received by us is the page that comes up in response to you pushing the button. When you see that page, your orders are in. The version that's emailed to you is just for information - we email it to save you having to copy and paste or save it as a screenshot. If the email copy of your orders doesn't appear don't worry - emails get delayed or go missing quite often (far more than some people think). The more people who

submit orders via the internet the better - if you want more information, just ask. You can also pay for credits online.

Email Results Emailed results are normally sent out between 3pm and 6pm. If there's a delay in processing, it'll say so on www.pbmsports.com - please check there first. If you haven't received emailed results 24 hours after they're due, then email me and ask for them to be resent. Don't ask me before the 24 hours are due, but don't wait much longer either.
